

WASHOE COUNTY
(SOURCE: MAY 1986 DATA)

The county will complete a joint county/BLM plan this (1999) fall. The county may actually encourage the BLM to acquire some lands adjacent to the Truckee Meadows, although no decisions have been made. The use of public lands to maintain open space appears to interest Washoe County.

The Susanville Field Office of the BLM has identified approximately 5,379 acres of public lands tentatively suitable for disposal in northern Washoe County. These lands are within the Tuledad/Home Camp Management Framework Plan III (MFP III) and the Cowhead/Massacre MFP III.

SUSANVILLE BLM FIELD OFFICE

1. Tuledad/Homecamp MFP III - This plan designated 2,059 acres of public lands as potentially suitable for disposal and considered another 280 acres if there is an interest for a total of 2,399 acres. There is another 539 acres potentially available depending upon a review by the Nevada Division of Wildlife.

2. Cowhead/Massacre MFP III - This plan designated 2,080 acres in sub units 3 & 4 as potentially suitable for disposal and considered an additional 960 acres for disposal if there is an interest for a total of 3,040 acres.

The total acres identified as potentially suitable for disposal is 5,379 acres. Copies of BLM maps are enclosed.
